

Mobile Folding Stages & Accessories

Stages are used for a variety of events and venues. Be it for Shopping Malls, Convention Centres, Hotels Auditoriums or even Schools and Colleges. Available in 4' x 8' sizes or 6' x 8' sizes. Further available in either Fixed or Adjustable Height

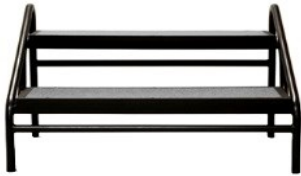

Mobile Folding Stage Functions

Mobile, Versatile and used for a variety of functions from Catwalk, Performance or Speeches, our stages form an area that is tailored for you personally. Stages link together for various set ups, and foldable for storage. Mobile for movement and placement at any given notice. Stages take minutes to set up and remove with a 2 , or 4 person crew for larger set ups above 10 stages

Steprisers

Available in 2,3,or 4 steps for allowing occupants to climb comfortably on stages. Available with detachable Hand Rails for 3 & 4 Steprisers. Platform of steps are also given the same carpet surface as Stages

Skirtings

Functionally to serve the purpose of hiding wires, cables and other light items often tucked away under stages. Visually appealing to guest. Applied easily with velcro as a 1 man operation and made with better material - Micro Velvet. Available in Adjustable or Fixed Height to compliment stage height

Stage Backdrops

For backstage operations and performers preparing to come on stage, backdrops works as a partition for this purpose. Functionally also serving as a barrier for performers. Suitable for venues such as shopping malls.
